

KINDERGARTEN REQUIREMENTS

A physical examination is required for entry into kindergarten. The dental exam is recommended, but not required. The enclosed physical form must be filled out and signed by your student's physician. The physical and immunization form is due on or before the first day of school.

The following are the minimum immunization requirements for all students entering Kindergarten for the school year 2010/11.

DPT- 5 doses of DTaP, DTP, or DT, or any combination, if the fourth dose was administered prior to the 4th birthday.

POLIO (OPV, IPV) - 4 doses of any combination of OPV or IPV, the final dose must be administered on or after the 4th birthday regardless of the number of previous doses.

MMR- (Measles, Mumps, Rubella)

The three vaccines are usually administered as combined MMR vaccine. The schedule is as follows:

Two doses of measles, mumps, rubella (MMR) vaccine are required for entry into Kindergarten. The first dose must have been received on or after the first birthday and the second at least 28 days after the first dose.

HEPATITIS B VACCINE- A minimum of three doses are required. A second dose must have been administered 28 or more days after the first, and the third dose should be given at least 16 weeks after the first dose and at least 8 weeks after the second dose. The last dose in the series should not be administered before age 24 weeks.

Varicella (Chickenpox) - 2 dose of varicella vaccine must be administered prior to entry.
