

ELEMENTARY CAMPUS LUNCH PROGRAM 2022-2023

We do not prepare lunch here at school. We have hired a caterer to provide the lunches. There are some unique challenges because we are dealing with a third party. For example, the orders **must be submitted on time, without exception**, because we must get the count to the caterer by their deadline. They also determine when we get the menu to pass along to you. Having the lunches catered is the only way that CCS can provide a hot lunch program for our students.

The lunch program is using the same caterer that we did last year. The caterer will provide lunches Monday through Friday. Parents who choose to purchase lunches for their children will submit the orders through their FACTS SIS (RenWeb) account.
