ACADEMICS

Our balanced and thorough academic program lays the groundwork for outstanding achievement in college, career, and beyond. More than that, our students discover their purpose as creative thinkers and servant-leaders within the world. Our students are well prepared in their academic disciplines, as well as their writing, critical thinking, problem-solving, and communication skills.

ATHLETICS

The athletic program is an integral part of the educational process at CCS. Through sports, students are taught the value of hard work, discipline, team building, sportsmanship, and other values that help develop a child's character. CCS will be a shining example of excellent Christian education in our region, defined by a commitment to authentic biblical truth, a thorough academic program, and students who are striving to be unashamed disciples of Christ.

FINE ARTS

The Theatre Program at CCS has become the standard for high school performance in Cincinnati. Parents regularly inquire, "When can my child be involved in the theatre department?" We offer a wide range of opportunities, from the elementary student with a small role on stage to the senior high student who directs or choreographs the performance, or constructs the set. Courses are also offered at the senior high level in both technical theatre and performance theatre.

SPIRITUAL LIFE

We believe that a lasting faith must be active and engaging. Our students participate in weekly chapel services; minister through local, regional, and global service projects; and develop the skills to defend their Christian worldview.
